Aggregates + Construction Supply + Precast + Transportation

Precast Insulated Wall Panels

Sidley Precast Group recently installed precast insulated wall panels for **Paulo** in Willoughby, OH. This project is phase 1 of 2, in the expansion of their existing manufacturing facility. Paulo is a leader in the heat treating industry with location in the U.S. and Mexico.

The precast insulated wall panels are load-bearing and have 3" of insulation in the center wythe, which gives them a 15 R-value. Precast was chosen for the building due to the speed of erection and the continuous edge-to-edge insulation. The panels were made on Sidley Precast's new wall panel form in Thompson, OH. **Graper & Warmington, Inc.** are the General Contractors on the project.

Larry McCune,

ROCKET
Mortgage Classic
DETROIT

Pro/Angle Bunker Sand is featured in the bunkers at Detroit Golf Club, the hosts of the Rocket Mortgage Classic. This is the first PGA Tournament in Michigan since 2009. The Detroit Golf Club has worked hard to bring a PGA event back to their hometown and state.
