

NOVEMBER 2018

R.W. SIDLEY, INC.
NEWSLETTER

Winter has arrived in Thompson, OH.

Aggregates + Construction Supply + Precast + Transportation

New Mack Ready-Mix Trucks

When a company makes a large investment in itself...what do you call that....being serious...you bet you do! When R.W. Sidley, Inc. made the decision to order 3 new Mack Granite concrete mixers an investment was made for the future. Not only for a timely customer delivery that is expected when ordering concrete from R.W. Sidley, Inc. but also for the Northeast, Ohio Region. These new trucks will be used for the delivery of ready-mix concrete that is poured in the foundations of office buildings, schools, roads, culverts, parking lots, precast concrete and even sometimes swimming pools. R.W. Sidley, Inc. is proud to continue the tradition for the next generation of growth and development of Ohio that needs a rock solid foundation to start. A tip of the hat to all that were involved because these new Mack Granite Trucks look great going on the road and at the job site.
