Aggregates + Construction Supply + Precast + Transportation

## We've got ourselves a convoy!

Fall golf course renovations featuring  
Pro/Angle Bunker Sand are in high gear!

We're busy shipping Pro/Angle to bunker  
renovation projects in several states &  
provinces:

**Illinois:** Medinah Country Club,  
Northmoor Country Club, Sunset Ridge  
Country Club, Stonebridge Country Club

**Indiana:** Sagamore Club

**Iowa:** Hyperion Field Club

**Michigan:** Kalamazoo Country Club

**Missouri:** Westwood Country Club

**Nebraska:** Champions Run Golf &  
Country Club, Fremont Golf Club

**Ohio:** Kyber Run Golf Course

Golf courses large and small choose Pro/Angle for the  
longevity, performance, consistency, playability and  
maintenance benefits provided by the preeminent  
bunker sand in golf: Pro/Angle.

See for yourself! Call today to ask about our test  
bunker program!

## Mike Mongell

We are pleased to welcome Mike Mongell to the Sidley team, as our new Silica Product Line Manager. He comes to us from Best Sand in Chardon, OH, where he worked for the past 12 years in sales and plant operations. Mike will be part of our Filter Media and Industrial Minerals sales team. Mike brings with him years of experience in the silica industry and we are confident he will be a great asset to our sales team and provide outstanding customer service to all.

## Verti-Block Learning Table

Sidley Precast Group has recently launched a new retaining wall system, Verti-Block. We are offering a Learning Table in your office with your team to discuss the applications and benefits of the Verti-Block system.

If you are interested in scheduling a date, please feel free to contact me to discuss. Looking forward to meeting with you!

### Michelle Gamiere

Project Manager, Sidley Precast Group

When the Mack Truck Corporation wants to make a change to one of their product lines they do it in a big way. The new style and model designation "Anthem" not only applies to the exterior design, it also applies to all of Mack's sleeper models. Mack now offers a stand up sleeper cab to where the driver can stand up right from the driver's seat and not have to duck his head as he turns toward the sleeper part of the cab. This is in addition to an improved quiet ride, standard hood mounted mirrors, a new dashboard, improved dashboard electronics and an easy to use right hand side 3 stage engine brake stalk. After 5 years of Mack redesigning this product line, this tractor is really something spectacular!
